

## VERTICAL CAROUSEL

**TALKS WITH CNCs**  
**TALKS WITH TOOL STORAGE SYSTEMS**  
**ENSURES TOOLS READY FOR USE**

### CREINTORS AUTOMATION SOLUTIONS PVT. LTD.

Integrated Management System Certified Company  
 Aligned to ISO 9001, 14001 and 45001

#### ENSURES :

##### » Product Protection

Enclosed dust cover panel system, ensuring no dust and particulate in product storage area, thus reducing housekeeping requirement.

##### Easy to use operator Interface -

Operator interface provides control and security which can be customized for each individual user.

##### Optimized Load Balancing -

Dual chain guidance system, suspension arm optimize load balancing, that minimizes maintenance costs.

Dual access option for versatile multi-operator use, or on multiple floors.

Minimized footprint and maximized efficiency.

##### » Productivity

Fast retrieval due to higher speed and shortest path logic built in.

##### » Space Utilization

All available vertical height utilized, reducing floor space requirements.

Carriers can include shelves, dividers, 100% extendable and drawer divider systems to create discrete storage locations within single carrier.

##### » Safety and Ergonomics

No more risk of injury from climbing up and down ladders to retrieve heavy or bulky boxes.

##### » Control

Pick product by carrier number or part number

Host interface capability for advanced inventory management and control

Lockable front doors provide additional security by allowing doors to be closed and locked between shifts

Advanced PLC controller with HMI for numeric display.

Can be interfaced with computer and provision of RS232C serial port
